**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**a. Reporting Entity**

The Tennessee Housing Development Agency was created by an act of the legislature (Chapter 241, Public Acts, 1973). The act was approved by the Governor on May 14, 1973. The enabling legislation can be found in *Tennessee Code Annotated*, Section 13-23-101 *et seq.* The purpose of the agency is to improve housing and living conditions for lower- and moderate-income persons and families in Tennessee by making loans and mortgages to qualified sponsors, builders, developers, and purchasers of low- and moderate-income family dwellings.

Agency operations are directed by a 19-member board of directors. The board consists of five members who serve *ex officio* (the State Treasurer, the Comptroller of the Treasury, the Commissioner of the Department of Finance and Administration, the Secretary of State, and a staff assistant to the Governor), and 14 appointed members -- 12 appointed by the Governor and one each by the Speaker of the House and the Speaker of the Senate. The board includes representatives of the housing, real estate, home-building, and mortgage-lending industries; representatives of local government and nonprofit organizations; and citizens from the public at-large.

In order to accomplish its objectives, the agency is authorized to raise funds through the issuance of bonds and notes. Bonds and notes issued by the agency are not general obligations of the State of Tennessee or any of its political subdivisions, and neither the faith and credit nor the taxing power of the state or any political subdivision is pledged for payment of the principal or interest on such bonds or notes.

The Tennessee Housing Development Agency is a component unit of the State of Tennessee. Although the agency is a separate legal entity, the state appoints a majority of its governing body, approves its budget, and provides some financial support. The agency is discretely presented in the *Tennessee Comprehensive Annual Financial Report*.

**b. Basis of Presentation**

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). The agency follows all applicable GASB pronouncements as well as applicable private-sector pronouncements issued on or before November 30, 1989. Certain accounting policies and procedures are stipulated in the agency's Mortgage Finance Program, Single Family Program, and Homeownership Program bond resolutions and the Single Family Mortgage Notes trust indenture. The agency follows these procedures in establishing and maintaining the various funds and accounts for its programs. Revenues and expenses applicable to each fund and account are recorded therein.

**c. Basis of Accounting and Measurement Focus**

The accompanying financial statements have been prepared using the accrual basis of accounting and the flow of economic resources measurement focus. Under this basis, revenues are recorded when earned and expenses are recorded when liabilities are incurred.

**d. New Accounting Standards Adopted**

During the year ended June 30, 2002, the agency implemented GASB Statement No. 34, "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments," as amended by Statement No. 37 "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments: Omnibus" and implemented Statement No. 38, "Certain Financial Statement Note Disclosures." Statement No. 34, as amended and modified,

commonly referred to as the new reporting model retained much of the old reporting and disclosure requirements under the prior reporting model, with certain modifications and newly added information. The most significant effects on the agency's financial statements were the addition of Management's Discussion and Analysis as required supplementary information and the reclassification of the prior equity section, including contributed capital and retained earnings, into three categories of net assets.

**e. Capital Assets**

The agency records furniture and office equipment at cost and follows the straight-line method of depreciating the assets over their estimated useful lives, which are determined considering physical factors as well as obsolescence factors. Capital assets are defined by the agency as assets with an initial, individual cost of \$5,000 or more.

**f. Restricted Assets**

Restricted assets are comprised of the Debt Service Reserve Funds. The bond resolutions require the agency to establish a Debt Service Reserve Fund for each bond issue. The bond resolutions require that if the Debt Service and Expense Funds or the Revenue Funds of a bond issue are not sufficient to provide for interest or principal and sinking fund requirements of that issue that funds be transferred from the Debt Service Reserve Fund to cover any deficiency.

**g. Bond Issuance Costs, Refunding Costs, and Interest Accretion**

1. **Bond Issuance Costs:** The agency amortizes bond issuance costs using the interest method over the life of the related bond issue. The agency began using the interest method on July 1, 2002. Prior to that the agency used the bonds outstanding method. The change has no material effect on the results of operations. Unamortized bond issuance costs are reported as deferred charges.
2. **Bond and Note Refunding Costs:** The agency amortizes bond and note refunding costs using the straight-line method. Bonds and notes payable are reported net of the deferred amount on refundings.
3. **Interest Accretion:** The difference between the face amount of deep discount bonds and the public offering price is not treated as bond discount. Deep discount bonds are subject to redemption at prices which increase from the public offering price up to the face amount. The carrying amount of these bonds is adjusted monthly to reflect the increased liability, with a corresponding charge to interest expense.
4. **Mortgage Discount:** Discounts on 30-year mortgage loans purchased by the agency are amortized using the straight-line method over 17 years, the estimated average life of mortgages. The amount amortized is credited to interest income.

**h. Cash and Cash Equivalents**

In addition to demand deposits, petty cash, and deposits in the pooled investment fund administered by the State Treasurer, this classification includes short-term investments with original maturities of three months or less from the date of acquisition.

**i. Investments**

The agency has established guidelines for its funds to meet the requirements of the bond resolutions and to comply with the statutes of the State of Tennessee. Permitted investments include the following: direct obligations of the U.S. Treasury and U.S. Agencies; obligations guaranteed by the U.S.; public housing bonds secured by contracts with the U.S.; direct and general obligations of the

State of Tennessee or obligations guaranteed by the State of Tennessee; obligations of other states or instrumentalities thereof which are rated in either of the two highest rating categories by Moody's Investor Service or Standard & Poor's Corporation; interest bearing time or demand deposits; collateralized certificates of deposit in authorized state depositories; and repurchase agreements collateralized by authorized securities.

Investments are stated at fair value.

**j. Accrual of Interest Income**

Interest on first mortgage loans receivable and investment securities is credited to income as earned and classified as interest receivable.

**k. Mortgages**

Mortgages are carried at their original amount less principal collected.

**l. Operating Revenues and Expenses**

The agency was created with the authority to issue bonds to the investing public in order to create a flow of private capital through the agency into mortgage loans to certain qualified individuals and qualified housing sponsors. The agency's primary operation is to borrow funds in the bond market and issue those funds to make single-family and multi-family loans. The primary operating revenue is the interest income on outstanding mortgages and the investment income from proceeds of bonds. The primary operating expense of the agency is the interest expense on bonds outstanding.

**m. Changes in Classifications**

In conjunction with the implementation of GASB Statement No. 34, the agency determined that certain assets should be shown as restricted assets and certain liabilities should be shown as noncurrent liabilities.

**n. Direct Servicing**

On May 1, 2003, the agency began a pilot program called Direct Servicing for servicing mortgages originated by the agency.

**NOTE 2. DEPOSITS AND INVESTMENTS**

**a. Deposits**

At December 31, 2003, the carrying amount of the agency's deposits was \$5,032,809 and the bank balances were \$6,255,770. Of the balances, \$1,323,152 was insured and \$4,932,618 was collateralized with securities held by the pledging financial institution's agent but not in the agency's name. At December 31, 2002, the carrying amount of the agency's deposits was \$15,180,258 and the bank balances were \$11,888,381. Of the bank balances, the entire amount was covered by insurance or by collateral held by the agency's agent in the agency's name.

At June 30, 2003, the carrying amount of the agency's deposits was \$12,671,321 and the bank balances were \$13,234,158. Of the bank balances, \$1,272,376 was insured and \$11,961,782 was collateralized with securities held by the pledging financial institution's agent but not in the agency's name. On several days during the year, the amounts collateralized with securities held by the pledging financial institution's agent but not in the agency's name significantly exceeded the amount at year-

end.

The

agency and Wachovia Bank, the agency's trustee, established a procedure in which all uninvested cash balances were swept into a money market account at the close of each business day. After the end of the fiscal year ended June 30, 2003, it was discovered that not all of the agency's deposits were being swept into the money market account at the close of each business day. The agency and Wachovia are in the process of resolving this issue.

The laws of the State of Tennessee require that collateral be pledged at 105% of the value of uninsured deposits; however, collateral was pledged at 100%. The agency and Wachovia are in the process of resolving this issue. The agency's bond resolutions require deposits to be fully secured.

At June 30, 2002, the carrying amount of the agency's deposits was \$45,129,125 and the bank balances were \$45,516,142. Of the bank balances, \$36,865,513 was covered by insurance or by collateral held by the agency's agent in the agency's name, and \$8,650,629 was uninsured and uncollateralized. On the next day, July 1, 2002, the agency paid debt service on outstanding bonds, which reduced the bank balances well below the level of collateral. On October 2, 2002 the agency's trustee was changed to Wachovia Bank. The cash balances are swept daily into a U.S. Treasury Money Market Fund. This fund is a permitted investment under both bond resolutions. Cash balances remaining after the sweep are collateralized with securities held by the pledging financial institution's agent but not in the agency's name.

The carrying amount of cash on deposit in the State Treasurer's pooled investment fund was \$583,551 on December 31, 2003. The carrying amount of cash on deposit in the State Treasurer's pooled investment fund was \$5,112,171 on December 31, 2002. The carrying amount of cash on deposit in the State Treasurer's pooled investment fund was \$5,139,728 on June 30, 2003. The carrying amount of cash on deposit in the State Treasurer's pooled investment fund was \$10,678,318 on June 30, 2002. The pool's custodial credit risk is presented in the *Tennessee Comprehensive Annual Financial Report*. That report may be obtained by writing to the Tennessee Department of Finance and Administration, Division of Accounts, 14<sup>th</sup> Floor William R Snodgrass Tennessee Tower, 312 Eighth Avenue North, Nashville, Tennessee 37243-0298, or by calling (615) 741-2140.

**b. Investments**

The agency's investments are categorized to indicate the level of custodial risk assumed by the agency at year-end. Category 1 includes investments that are insured or registered or for which the securities are held by the agency or its agent in the agency's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the agency's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty or by its trust department or agent but not in the agency's name. The agency's bond resolutions require repurchase agreements to be fully collateralized. On October 2, 2002 the agency's trustee was changed to Wachovia Bank. The new trustee has established an account in the agency's name for the purpose of holding collateral on repurchase agreements. This method will provide for easier monitoring of collateral than has been the case in the past. Investments are categorized as follows:

The agency's bond resolutions require that repurchase agreements be continuously and fully secured with collateral having a market value equal at all times to the repurchase agreement. The market value of securities underlying repurchase agreements fell significantly below this required level on a few occasions during the year, but no losses were incurred. The agency and Wachovia are in the process of resolving this issue.

This amount represents the sum of checks written in excess of the agency's checking account balance because of the agency's use of a controlled disbursement account. Through the use of a controlled

disbursement account, the agency maximizes interest income by transferring from an investment account only funds necessary to cover the checks that clear the bank daily.

The debt principal in the preceding table is \$12.943 million less than that presented in the accompanying financial statements. Of this amount, \$20.428 million represents the accretion to date of interest on deep discount bonds in those years preceding the first principal payment on these bonds. This accretion has been reported as bond principal in the financial statements; it has been reported above as interest in those years (2004-2017) in which the bonds mature. In addition, \$7.485 million, which is a deduction from bonds payable for the deferred amount on refundings, is not reflected in the above presentation.

**c. Redemption of Bonds and Notes**

During the six months ended December 31, 2003, bonds were retired at par before maturity in the Mortgage Finance Program in the amount of \$4,460,000 and in the Homeownership Program Bonds in the amount of \$67,218,222. The respective carrying values of the bonds were \$4,411,014 and \$66,741,967. This resulted in an expense to the Mortgage Finance Program of \$48,986 and the Homeownership Program of \$476,255.

On July 1, 2003, the agency used \$190,465,000 of Single Family Mortgage Program Notes, 2002CN-1, to refund bonds previously issued in the Mortgage Finance Program and the Homeownership Program (this amount consists of \$180,485,000 early redemption and \$9,980,000 current maturities). The carrying amount of these bonds was \$188,991,633. The refunding resulted in a difference of \$1,473,367 between the reacquisition price and the net carrying amount of the old debt. This difference is charged to operations in the current year. A portion of these notes were refunded with bonds after year-end; therefore, the full economic impact of the refunding was not determined as of December 31, 2003.

On July 31, 2003, the agency issued \$60,000,000 in Homeownership Program Bonds, Issue 2003-2 A & B. On August 14, 2003, the agency used \$27,070,000 of these bonds to partially refund the convertible drawdown notes, 2002CN-1, which was used January 1, 2003 to refund certain bonds previously issued in the Mortgage Finance Program and the Homeownership Program. The refunding decreased the agency's debt service by \$2,694,900 over the next 30.5 years, but the agency realized an

economic gain (the difference between the present values of the old and new debt service payments) of \$4,923,598.

On August 14, 2003 a principal redemption was made on the Series 2002CN-1 Notes in the amount of \$27,070,000.

On September 4, 2003, the agency issued \$191,885,000 in Mortgage Finance Program Bonds, Issue 2003A. On September 17, 2003, all outstanding 1993 Series A bonds were refunded by issue 2003A. Mortgage prepayments and excess reserves were used to call \$39,250,000 of the bonds at par. The Optional Redemption provision was used to call the remaining \$152,670,000 bonds at 102 percent. The carrying amount of these bonds was \$194,272,564. A call premium of \$3,053,400 was paid on the redemption of these bonds. The refunding resulted in a difference of \$700,836 between the reacquisition price and the net carrying amount of the old debt. This difference, reported in the accompanying financial statements as a deduction from bonds payable, is being charged to operations through the year 2028. The refunding increased the agency's debt service by \$27,458,335 over the next 31 years, but the agency realized an economic gain (the difference between the present values of the old and new debt service payments) of \$7,499,720.

On November 3, 2003, the agency used \$89,355,000 of Single Family Mortgage Program Notes, 2002CN-1, to refund bonds previously issued in the Mortgage Finance Program and the Homeownership Program (this amount consists of \$89,355,000 early redemption and \$0 current maturities). The carrying amount of these bonds was \$88,675,883. The refunding resulted in a difference of \$679,117 between the reacquisition price and the net carrying amount of the old debt. This difference is charged to operations in the current year. This refunding was accomplished using proceeds of short-term debt, which will in turn be refunded upon maturity; therefore, the full economic impact of the refunding was not determined as of December 31, 2003.

On November 5, 2003, the agency issued \$75,000,000 in Homeownership Program Bonds, Issue 2003-3 A & B. On November 13, 2003, the agency used \$37,555,000 of these bonds to partially refund the convertible drawdown notes, 2002CN-1, which was used January 1, 2003 and July 1, 2003 to refund certain bonds previously issued in the Mortgage Finance Program and the Homeownership Program. The refunding increased the agency's debt service by \$6,527,806 over the next 30.5 years, but the agency realized an economic gain (the difference between the present values of the old and new debt service payments) of \$4,000,240.

On November 13, 2003 a principal redemption was made on the Series 2002CN-1 Notes in the amount of \$37,555,000.

During the six months ended December 31, 2002, bonds were retired at par before maturity in the Mortgage Finance Program in the amount of \$1,325,000 and in the Homeownership Program Bonds in the amount of \$16,360,909. The respective carrying values of the bonds were \$1,309,323 and \$16,241,676. This resulted in an expense to the Mortgage Finance Program of \$15,677 and the Homeownership Program of \$119,233.

During the year ended June 30, 2003, bonds were retired at par before maturity in the Mortgage Finance Program in the amount of \$3,120,000 and in the Homeownership Program Bonds in the amount of \$42,131,176. The respective carrying values of the bonds were \$3,085,935 and \$41,811,344. This resulted in an expense to the Mortgage Finance Program of \$34,065 and the Homeownership Program of \$319,832.

On July 1, 2002, the agency used \$57,460,000 of Single Family Mortgage Program Notes, 2001CN-1, to refund bonds previously issued in the Mortgage Finance Program and the Homeownership Program (this amount consists of \$47,565,000 early redemption and \$9,895,000 current maturities). The carrying amount of these bonds was \$57,019,806. The refunding resulted in a difference of \$440,194

between the reacquisition price and the net carrying amount of the old debt. This difference is charged to operations in the current year.

On July 31, 2002, the agency issued \$85,000,000 in Homeownership Program Bonds, Issue 2002-2 A & B. On September 12, 2002, the agency used \$56,600,000 of these bonds to partially refund the convertible drawdown notes, 2001CN-1, which was used July 1, 2002 to refund certain bonds previously issued in the Mortgage Finance Program and the Homeownership Program. The refunding increased the agency's debt service by \$13,918,085 over the next 30.5 years, but the agency realized an economic gain (the difference between the present values of the old and new debt service payments) of \$209,641.

On December 12, 2002, the agency drew down \$11,385,000 of convertible drawdown notes, 2002CN-1. This amount was used to refund at maturity the 2001CN-1 drawdown notes on December 12, 2002.

On January 2, 2003, the agency drew down \$65,110,000 of Single Family Mortgage Program Notes, 2002CN-1, to refund bonds previously issued in the Mortgage Finance Program and the Homeownership Program (this amount consists of \$55,725,000 early redemption and \$9,385,000 current maturities). The carrying amount of these bonds was \$64,626,178. The refunding resulted in a difference of \$483,822 between the reacquisition price and the net carrying amount of the old debt. This difference is charged to operations in the current year. A portion of these notes were refunded with bonds after year-end; therefore, the full economic impact of the refunding was not determined as of June 30, 2003.

On March 1, 2003, the agency drew down \$235,000 of Single Family Mortgage Program Notes, 2002CN-1, to refund bonds previously issued in the Homeownership Program (this amount consists of \$235,000 early redemption and \$0 current maturities). The carrying amount of these bonds was \$233,500. The refunding resulted in a difference of \$1,500 between the reacquisition price and the net carrying amount of the old debt. This difference is charged to operations in the current year.

On February 27, 2003, the agency issued \$50,000,000 in Homeownership Program Bonds, Issue 2003-1 A & B. On April 10, 2003, the agency used \$25,660,000 of these bonds to partially refund the convertible drawdown notes, 2002CN-1, which was used on December 12, 2002 and January 2, 2003 to refund certain bonds and notes previously issued in the Mortgage Finance Program, the Homeownership Program, and the Single Family Mortgage Program Notes. The refunding decreased the agency's debt service by \$14,401,030 over the next 30 years, but the agency realized an economic gain (the difference between the present values of the old and new debt service payments) of \$12,308,243.

During the year ended June 30, 2002, bonds were retired at par before maturity in the Mortgage Finance Program Bonds in the amount of \$2,455,000 and in the Homeownership Program Bonds in the amount of \$20,757,557. The respective carrying values of these bonds were \$2,435,076 and \$20,619,635. This resulted in an expense to the Mortgage Finance Program of \$19,924 and the Homeownership Program of \$137,922.

On July 1, 2001, the agency used \$127,541,965 of Homeownership Program Bonds, Issue 2001-1 A, B, C, and D to refund certain bonds previously issued in the Mortgage Finance Program and the Homeownership Program (this amount consists of \$117,171,965 early redemption and \$10,370,000 current maturities). The carrying amount of these bonds was \$126,587,522. A call premium of \$1,929,039 was paid on the redemption of these bonds. The refunding resulted in a difference of \$2,883,482 between the reacquisition price and the net carrying amount of the old debt. This difference, reported in the accompanying financial statements as a deduction from bonds payable, is being charged to operations through the year 2032. The refunding decreased the agency's debt service

by \$5,258,147 over the next 31 years, and the agency realized an economic gain (the difference between the present values of the old and new debt service payments) of \$18,485,796.

Also on July 1, 2001, the agency used \$8,980,000 of Single Family Mortgage Program Notes, 2000CN-1, to refund bonds previously issued in the Mortgage Finance Program and the Homeownership Program (this amount consists of \$900,000 early redemption and \$8,080,000 current maturities). The carrying amount of these bonds was \$8,973,222. The refunding resulted in a difference of \$6,778 between the reacquisition price and the net carrying amount of the old debt. This difference is charged to operations in the current and following year. Because short-term notes were used to refund long-term bonds, neither the change in debt service nor the economic gain disclosures are appropriate.

On August 30, 2001, the agency issued \$60,000,000 in Homeownership Program Bonds, Issue 2001-2 A and B. On October 1, 2001, the agency used \$33,740,000 of these bonds to refund certain bonds previously issued in the Mortgage Finance Program and the Homeownership Program. The carrying amount of these bonds was \$33,489,296. The refunding resulted in a difference of \$250,704 between the reacquisition price and the net carrying amount of the old debt. This difference, reported in the accompanying financial statements as a deduction from bonds payable, is being charged to operations through the year 2031. The refunding decreased the agency's debt service by \$6,876,459 over the next 31 years, and the agency realized an economic gain (the difference between the present values of the old and new debt service payments) of \$5,094,957.

On December 13, 2001, the agency issued \$64,580,000 in Homeownership Program Bonds, Issue 2001-3 A & B to partially refund short-term convertible drawdown notes 2000CN-1, which was used on January 2, 2001 and on March 13, 2001 to refund certain bonds and notes previously issued in the Mortgage Finance Program and the Homeownership Program. Because long-term bonds were used to refund short-term notes, neither the change in debt service nor the economic gain disclosures are appropriate.

Also on December 13, 2001, the agency drew down \$52,580,000 of short-term convertible drawdown notes, 2001CN-1. Of this amount, \$20,285,000 was used to refund at maturity the 2000CN-1 draw down notes on December 15, 2001. The remaining \$32,295,000 was used on January 2, 2002 to refund certain bonds previously issued in the Mortgage Finance Program and the Homeownership Program (this amount consists of \$23,660,000 early redemption and \$8,635,000 current maturities). The carrying amount of these bonds was \$32,142,210. The refunding resulted in a difference of \$152,790 between the reacquisition price and the net carrying amount of the old debt. This difference is charged to operations in the current and following year. Because short-term notes were used to refund long-term bonds, neither the change in debt service nor the economic gain disclosures are appropriate.

On April 18, 2002, the agency issued \$85,000,000 in Homeownership Program Bonds, Issue 2002-1 A and B. On June 13, 2002, the agency used \$42,055,000 of these bonds to partially refund the convertible drawdown notes, 2001CN-1, which was used on December 13, 2001 and January 2, 2002 to refund certain bonds and notes previously issued in the Mortgage Finance Program, the Homeownership Program, and the Single Family Mortgage Note Program. Because long-term bonds were used to refund short-term notes, neither the change in debt service nor the economic gain disclosures are appropriate.

On June 13, 2002, the agency drew down \$57,460,000 of the convertible drawdown notes 2001CN-1. These proceeds were used on July 1, 2002 to refund bonds previously issued in the Mortgage Finance Program in the amount of \$21,145,000 and the Homeownership Program in the amount of \$36,315,000.

Under the bond resolutions, the agency has the option to redeem bonds at an initial price of 103 percent and subsequently at prices declining to par. Generally, the redemption option cannot be exercised prior to the time the bonds have been outstanding for ten years. Certain special redemption options, as governed by the bond resolutions, are permitted prior to that time.

The bonds are secured, as described in the applicable bond resolutions, by the revenues, monies, investments, mortgage loans and other assets in the funds and accounts established by the resolutions.

**e. Notes Issued and Outstanding**

The Single Family Mortgage Notes Trust Indenture, dated December 1, 1997 (the "Trust Indenture"), provided for the issuance of agency drawdown notes with a maximum aggregate principal amount of \$65,000,000. On April 1, 1999, the Trust Indenture was supplemented providing for the maximum aggregate principal amount to be \$200,000,000. On December 1, 2002, the Trust Indenture was supplemented providing for the maximum aggregate principal amount to be \$450,000,000.

The notes bear interest, payable on the second Thursday of each succeeding month with respect to the principal amount drawn down by the agency. The interest rate is equal to ninety percent (90%) of the bond equivalent yield as determined on the related rate date. On December 1, 2002 the interest rate was changed to ninety-nine percent (99%) of the bond equivalent yield as determined on the related rate date.

The following table is a summary of the note activity for the six months ended December 31, 2003.

**NOTE 5. RESTRICTED NET ASSETS**

The amount shown on the Statement of Net Assets as Restricted for single family bond programs is contractually pledged, under the bond resolutions of the agency, to the owners of the bonds issued under such bond resolutions. As pledged assets, the contractual provisions of the bond resolutions restrict the use of such assets. However, the assets may be removed from the lien of the bond resolutions if certain parity tests, as established by the respective bond resolutions, are satisfied. Assets removed from the lien of the respective bond resolutions may be used for other purposes.

The amount shown as Restricted for Grant Programs represents unexpended grant money that has been awarded to grantees through various grant programs administered by the agency.

The amount shown as Restricted for Homebuyers Revolving Loan Program represents the amount of net assets that are restricted for a pilot program that funds zero interest loans for down payment and closing costs. The use of these net assets is restricted under legislation enacted in fiscal year 1986.

**NOTE 6. DEFINED BENEFIT PENSION PLAN**

The agency contributes to the State Employees, Teachers, and Higher Education Employees Pension Plan (SETHEEPP), a cost-sharing, multiple-employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement, death, and disability benefits as well as annual cost-of-living adjustments to plan members and their beneficiaries. Title 8, Chapters 34-37, *Tennessee Code Annotated*, establishes benefit provisions. State statutes are amended by the Tennessee General Assembly.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for SETHEEPP. That report may be obtained by writing to the Tennessee Department of the Treasury, Consolidated Retirement System, 10th Floor Andrew Jackson Building, Nashville, Tennessee, 37243-0230 or by calling (615) 741-8202.

Plan members are noncontributory. The agency is required to contribute at an actuarially determined rate. The current rate is 7.28% of annual covered payroll. Contribution requirements for the agency are established and may be amended by the TCRS' Board of Trustees. The agency's contributions to TCRS for

the years ended June 30, 2003, 2002, and 2001, were \$448,684, \$353,618, and \$313,976. Those contributions met the required contributions for each year.

**NOTE 7. PROVISIONS FOR MORTGAGE LOAN LOSSES**

Most mortgage loans are insured by the Federal Housing Administration (FHA) or an approved private mortgage insurance company, or are guaranteed by the Department of Veterans Affairs. The agency's Board of Directors has designated \$750,000 of unrestricted net assets as a provision for possible loan losses arising from participation in the Rural Economic and Community Development (RECD) Loan Guarantee Program. An additional \$232,000 was designated to provide for losses on loans not specifically covered under one of the above programs, and \$500,000 has been designated for self-insurance of second mortgages.

**NOTE 8. RISK MANAGEMENT**

**a. Commercial Insurance**

The agency carries commercial insurance for risks of loss related to employee dishonesty; general liability protection; and theft of, damage to, or destruction of real and personal property. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

**b. Claims Award Fund**

The state has set aside assets for claim settlement in an internal service fund, the Claims Award Fund. This fund services all claims for risk of loss to which the state is exposed, including general liability, automobile liability, professional malpractice, and workers' compensation. The agency participates in the Claims Award Fund. The fund allocates the cost of providing claims servicing and claims payment by charging a premium to the agency based on a percentage of the agency's expected loss costs which include both experience and exposures. This charge considers recent trends in actual claims experience of the state as a whole. An actuarial valuation is performed as of each fiscal year-end to determine the fund liability and premium allocation. Since the agency participates in the Claims Award Fund, it is subject to the liability limitations under the provisions of the Tennessee Claims Commission Act, *Tennessee Code Annotated*, Section 9-8-101 et seq. Liability for negligence of the agency for bodily injury and property damage is limited to \$300,000 per person and \$1,000,000 per occurrence. The limits of liability under workers' compensation are set forth in *Tennessee Code Annotated*, Section 50-6-101 et seq. Claims are paid through the state's Claims Award Fund.

**c. Employee Group Insurance Fund**

The state has also set aside assets in the Employee Group Insurance Fund, an internal service fund, to provide a program of health insurance coverage for the employees of the state with the risk retained by the state. The agency participates in the Employee Group Insurance Fund. The fund allocates the cost of providing claims servicing and claims payment by charging a premium to the agency based on estimates of the ultimate cost of claims that have been reported but not settled and of claims that have been incurred but not reported. Employees and providers have 13 months to file medical claims.

**NOTE 9. OTHER POST-EMPLOYMENT BENEFITS**

The State of Tennessee provides and administers a group health insurance program which provides post-employment health insurance benefits to eligible agency retirees. The agency assumes no liability for retiree health care programs. Information related to this plan is available at the statewide level in the *Tennessee Comprehensive Annual Financial Report*.

**NOTE 10. PAYMENTS TO PRIMARY GOVERNMENT**

From time to time, the State of Tennessee has called upon the agency and its resources, together with resources of other departments, agencies and organizations in state government, to provide funds to the State General Fund to balance the State budget. The following is a description of these occurrences in relationship to the agency. On June 30, 1995, \$15,000,000 from the agency's Housing Program Reserve Fund was transferred to the State General Fund. On June 30, 1998, \$43,000,000 was transferred from the agency to the State General Fund. The \$43,000,000 transferred from the agency came from the following resources of the agency: (i) \$15,459,157 from tax revenues previously directed to the Housing Program Fund; (ii) \$5,028,761 from the Housing Program Reserve Fund; and (iii) \$22,512,082 from the Assets Fund. On June 30, 2002, a transfer from the agency to the primary government in the amount of \$35,367,449 was made from the Assets Fund for the sole purpose of meeting the requirements of funding the operations of the primary government for the year ended June 30, 2002.
